

CHICHEN ITZA SUNRISE

Chichen Itza, declared a World Heritage site by Unesco, is perhaps the largest, most famous and most accessible Mayan site. This ancient Mayan ruin is a rugged place of soaring pyramids, massive temples, startling carved columns and do-or-die sports fields.

The tour will have an early morning departure and go directly to Chichen Itza to avoid the crowds. After a 2,5 hour professionally guided tour there will be some free time to take pictures and from here the group departs in the direction of a cenote.

A delicious buffet style lunch is included on this tour. After lunch we have time for a refreshing swim in a cenote. These so called cenotes are natural swimming holes formed by the collapse of porous limestone bedrock and have revealed a secret subterranean world of groundwater pools so clear and pure that you can see straight through!
