PRECAUTIONS AND HYGIENE MEASURES TO BE OBSERVED WHEN WELCOMING AND TRANSFERRING CUSTOMERS

1. Welcoming customers at entry points

- The personnel responsible for welcoming customers (representatives, assistants and drivers) must wear an oral nasal mask.
- Staff should have a small vial of hydro-alcoholic solution and a packet of tissue in the pocket.
- Consider providing masks for customers who do not have them.
- Respect the distance with more than one meter between customers

2 Transfer of customers

2.1 The hygiene rules to be observed related to the means of transport and handling of luggage

- Wearing of an oral-nasal mask by the reception agent, the driver and the client.
- Maintaining the safety distance during the delivery of luggage and the climb to transport vehicles and avoid crossing when installing customers at the seats.
- Providing customers with a hydro-alcoholic gel dispenser for hand disinfection while accessing transport vehicles.
- Limit on the number of customers transported at the rate of 50% of the seating capacity while respecting the distance of 1 meter between passengers (one seat occupied every two seats and a diagonal positioning).
- For vehicles with 7 seats or less, respect the capacity of 50% and the distance except in the case of family transport living under the same roof (obligation of a commitment signed by the head of the family).
- Total and systematic disinfection of the transport vehicle before and after each service.
- Reinforcement of the disinfection operations of all surfaces likely to be in contact with the hands as well as the internal face of the windows on the passenger side.
- Frequent and systematic maintenance of ventilation and air conditioning systems for transport vehicles.
- The vehicle must be ventilated before and after the transfer.
- The disinfection of the transport vehicle must be carried out in accordance with a procedure defined in advance describing the method to be chosen, the equipment and materials for cleaning / disinfection and the product used.
- Disinfection must be carried out with disinfectants approved by the Ministry of Health

2.2 The hygiene rules to be observed during excursions

- Putting up posters in the buses or even launching an audiovisual support and a device for people with hearing loss reminding customers of the hygiene instructions to be observed.
- Respect for the safety distance of more than one meter between customers during visits to historic monuments and museums, as well as during breaks and stops during excursions and circuits (cafes, restaurants, shops, etc.).
- Mandatory wearing of oral masks by tour guides and clients participating in excursions and transfers.
- Maintaining a benevolent and professional attitude towards customers who have violated gestures of "sanitary" good conduct.
- Respect the minimum distance of one meter between passengers and the bus driver.
- The guide must be provided with a mobile headset and a loudspeaker (audiophone) during the visits of the sites and monuments so that the customers can respect the distance of one meter in the groups exceeding 15 people in case of possibility.
- Obligation to wear a mask on the bus.
